

Serial Changing option for resolutions

While creating meeting documents we select various agenda. We have now added the feature to change the serial number of the resolutions that will be added by the user.

For changing the serial number of any resolution, click on the row, drag & drop the same for changing its sequence.

The screenshot shows the 'Board Meeting' interface in the ComplyRelax application. The left sidebar contains navigation options: Masters, Meetings, Corporate Actions, Compliance Tracker, Associated Company, Annual Filing, Reports, and Do's & Dont's. The main content area is titled 'Board Meeting' and includes tabs for Meeting Details, Minutes Details, Resolution, Finalisation of Minutes, and Download. Below the tabs are three dropdown menus for Category, Sub Category, and Agenda. There are 'Submit' and 'Add Any Other Agenda' buttons. A table titled 'Resolutions' is shown below, with a red circle around the table and a note: '*Select the row, Drag & Drop the same for changing its sequence.' The table has columns for '#', 'Resolution', and 'Actions'.
