

Add prefix / suffix to Share Certificate Number

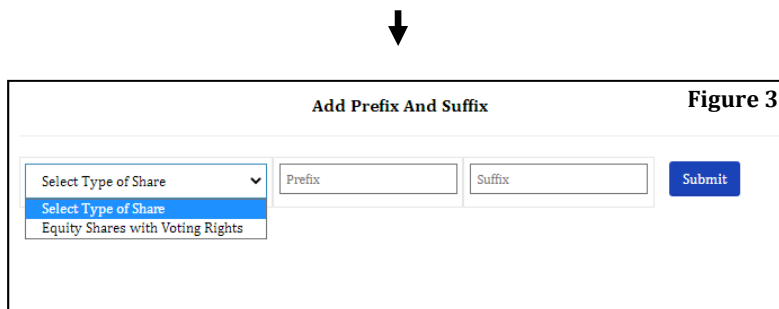

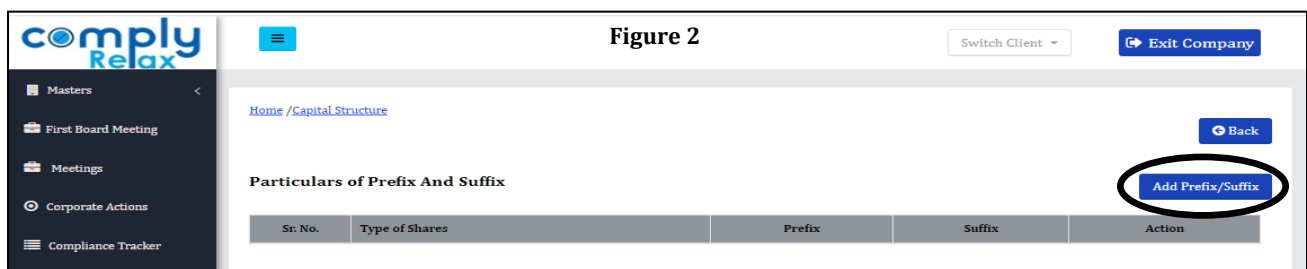

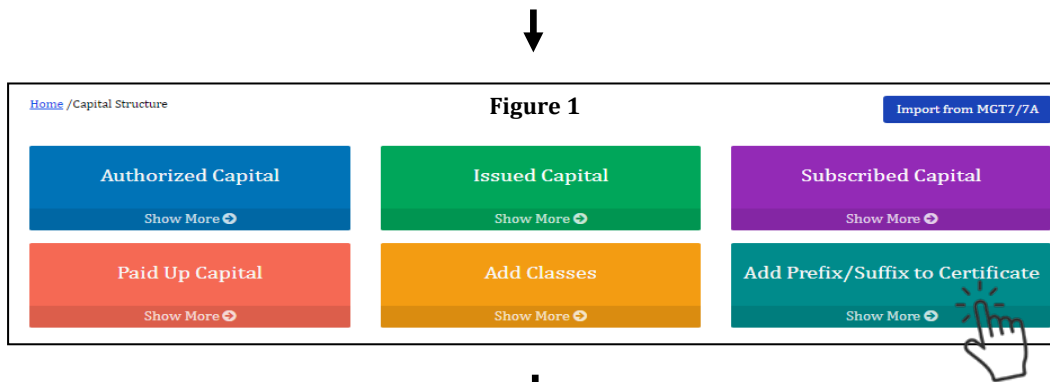

Dear users,

Greetings of the day!,

Now you can add prefix/suffix to your share certificate number. The facility has been added to the dashboard.

Please follow below mentioned instructions to access this feature:

Dashboard ⇒ *Client* ⇒ *Compliance Manager* ⇒ *Master*
⇒ *Capital Structure* ⇒ *Add Prefix/Suffix to share certificates*

You have to select the class and then add prefix/suffix as per your requirement.

*If you do not see class in the dropdown, you first have to add the class. As shown in figure 2, you can go to add class option.

*After adding the prefix/suffix, you can check your certificates for the alteration.

Private Circulation only
