

CHECK COMPANY NAME AVAILABILITY BEFORE RESERVATION

Dear users,

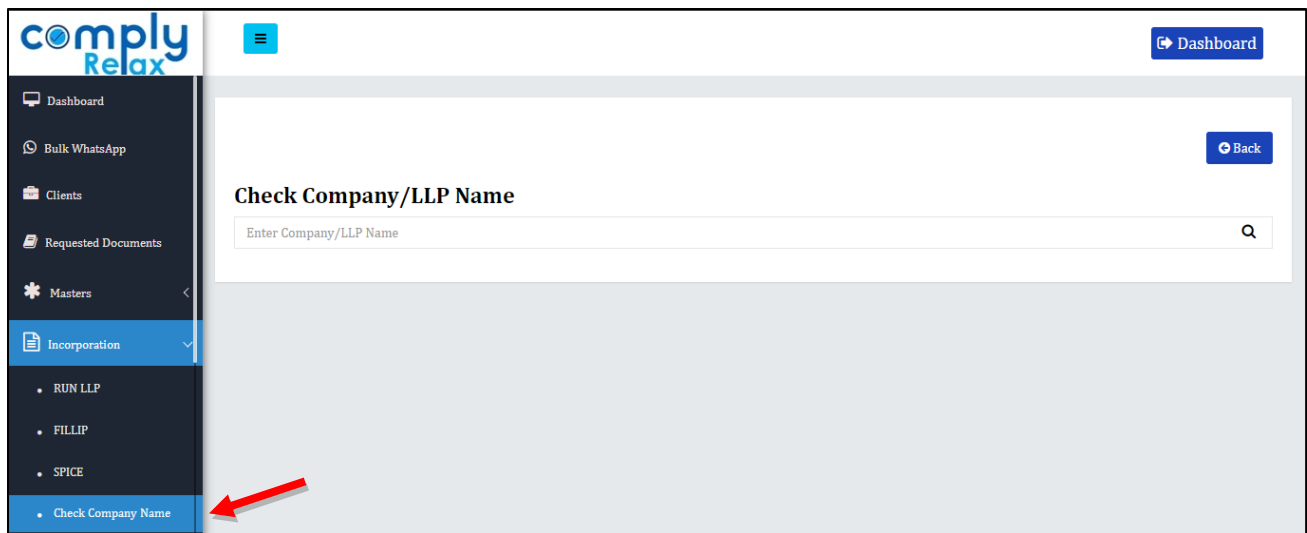

Greetings of the Day!

We have added a feature to check the name of your proposed company. When you search for a name on the MCA portal, it displays numerous records, making it difficult to find the desired name.

Our portal sorts the names by their similarity to your search, making it easy to check the status and availability before reserving the name.

Steps to be followed:

Dashboard ⇒ Incorporation ⇒ Check Company Name

On this window write the name and search.
