

MCA V-3 VIEW PUBLIC DOCUMENT

Dear User,

We've developed a new feature that allows you to bulk download the MCA V-3 Search Documents in just one click.

Traditionally, when searching for company documents on the MCA portal, users have to download each document individually and enter a numeric captcha for each one.

We've eliminated this inconvenience. Now, you can download all the documents you need in a single ZIP file from our portal, with the documents neatly organized into year-wise folders—no captchas required.

Simply pay the fee on the MCA portal, and then you can download the documents from our site with one easy click.

Steps to be followed:

Dashboard -> MCA Services -> View Public Documents
