

INCORPORATION - NAME CHECK AI

Dear Users,

We are excited to introduce our new **AI-Based Name Search** feature for **Company / LLP incorporation**.

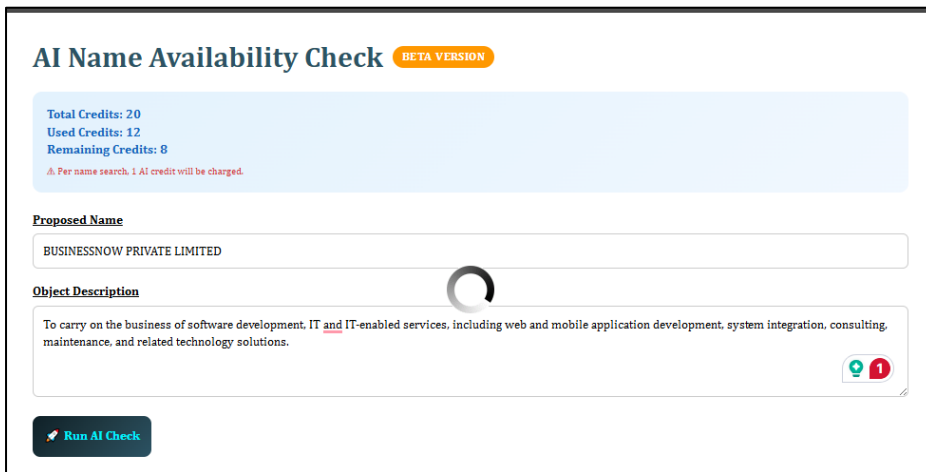

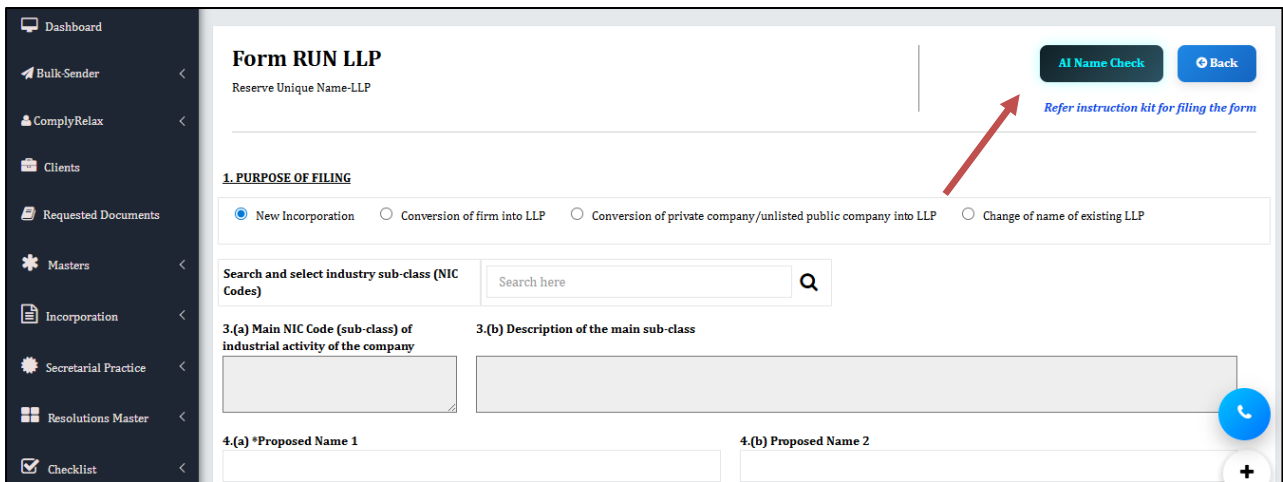

Before applying for name reservation, you can now run an **AI-powered check** that will:

- Verify **name availability on MCA**
- Check **Trademark availability**
- Provide **smart NIC Code suggestions** based on your business objects

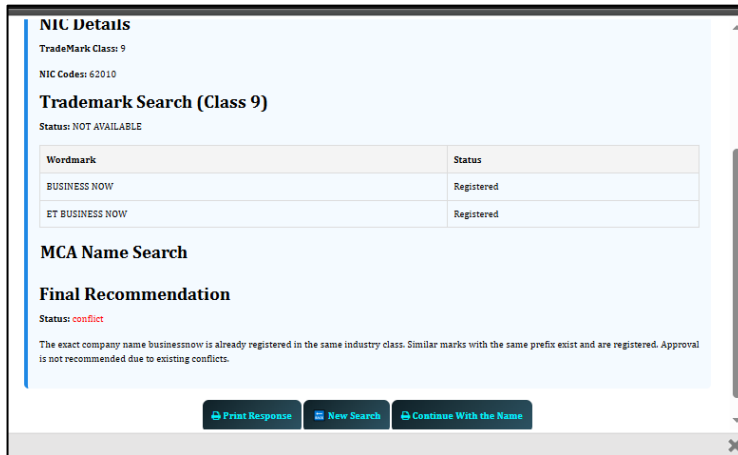

HOW TO USE:

Dashboard → Incorporation (left menu) → Select RUN LLP or SPICe+

Within the form window, you will find the “AI Name Check” option, as shown below:

Enter the proposed name along with brief objects, and the system will generate a detailed report.

NIC Details
TradeMark Class: 9
NIC Codes: 62010

Trademark Search (Class 9)
Status: NOT AVAILABLE

Wordmark	Status
BUSINESS NOW	Registered
ET BUSINESS NOW	Registered

MCA Name Search

Final Recommendation
Status: **conflict**

The exact company name businessnow is already registered in the same industry class. Similar marks with the same prefix exist and are registered. Approval is not recommended due to existing conflicts.
